NARCISO NYC

UNISEX

LEATHER AND WOOD

Narciso NYC is a very sensual composition. The smell immediately catches the nose with a large amount of woody notes.

After a sharp and characteristic opening, it calms down and manners with classic wonderful lavender. Elements of ambitious wood sweetness combine with a coffee.

Thanks to oak moss, the smell becomes more dry and refers to traditions. It is characterized by strong contrasts between noble and elegant ingredients.

Not without a reason, Narciso NYC is offered in gray and black package. Gray and black are associated with modernity and strength.

Top notes - Bulgarian rose, gardenia.

Middle notes - lavender, coffee.

Base notes - white musk, cedar wood, amber with a slightly smoky texture.

In a word, the Narciso NYC
fragrance is **TRIUMPH**.

ESSENTIAL MARRAKESH

UNISEX

ORIENTAL, ROOT - WOOD

Essential Marrakesh is a very oriental classic fragrance. It is modern, quite raw, straight, and rough.

While the admission and first minutes have references to the aforementioned classic, the late and really long-lasting finish can be associated much more with the climate of Marrakesh. Do you need better recommendations?

It's a very well-built fragrance with a distinct and original style. It is also a composition full of contrasts that scroll throughout the projection of the fragrance. In its direct and feisty austerity and rather linear character, it turns out to be the most racial fragrance of Invame.

Top notes - jasmine, ylang ylang and gardenia.

Middle notes - oriental spices change the face of the composition by merging with the Lotus Flower and Black Orchid.

Base notes - patchouli and amber with a slightly smoky texture.

The most pure fragrance
from Invame.
