QUALITY & COMMITMENT

We hold certifications that reflect our commitment to quality, sustainability, and social responsibility throughout every stage of our operations. We adhere to the highest standards of the European Union and promote ethical, safe, and environmentally responsible manufacturing practices.

ISO 9001: 2015
The world's most prestigious quality management standard. It certifies that our procedures are designed to ensure consistent products and services, optimizing efficiency and enhancing customer satisfaction with every delivery.

ISO 14001: 2015
The international benchmark in environmental management. It certifies our commitment to sustainability, the reduction of ecological impact, and continuous improvement in environmental protection, meeting the highest global standards.

ISO 45001: 2018
The highest international certification in occupational health and safety. It ensures that our organization applies the best practices to prevent risks, protect people, and create safe and healthy work environments.

ISO 28000: 2022
A global reference standard in supply chain security, this certification recognizes our ability to identify, control, and mitigate risks — ensuring safe and reliable logistics operations worldwide.

GOTS
Certified organic textile product. This certificate not only focuses on sustainable production but also sets standards and guidelines throughout the chain of custody of organic fibre. In addition to social and environmental requirements.

OCS 100
The OCS label certifies both the origin of raw materials and the organic content of the finished product, ensuring full traceability of raw materials throughout the manufacturing process. Products contain more than 95% certified organic fibres.

OCS BLENDED
The OCS label certifies both the origin of raw materials and the organic content of the finished product, ensuring full traceability of raw materials throughout the manufacturing process. Products contain more than 5% certified organic fibres.

GRS. Certified by INTERTEK.
A certification that guarantees that the textile materials are recycled in accordance with environmental and social criteria.

RCS
This Textile Exchange certification verifies that a product contains a mixture of recycled and non-recycled materials, ensuring full traceability of recycled materials throughout the supply chain. It guarantees that a verified percentage of the product is made from certified recycled materials.

OEKO-TEX STANDARD 100
Certificate that ensures all environmental requirements have been met during the manufacturing process and that fabrics, dyes, and any components of the garment are free from harmful or dangerous substances.

OEKO-TEX ORGANIC
Certification guaranteeing that textile products are made from organic materials and have been evaluated to meet strict environmental and safety standards. It ensures sustainability across the entire production chain and the absence of harmful substances. (license number 2020K0383)

OEKO-TEX RECYCLED
Certification that verifies textile products contain a minimum required percentage of recycled materials and comply with strict sustainability and safety criteria. It ensures traceability and responsible use of recycled resources in production.

WCA Workplace Conditions Assessment
International benchmark assessment that verifies compliance with the highest standards in labour conditions, health and safety, environment, and responsible business practices. It recognizes our global commitment to creating safe, ethical, and sustainable workplaces.

COCACOLA BY INTERTEK
Social audit conducted by Intertek to assesses compliance with labour standards, human rights and working conditions, reinforcing globally recognized ethical practices under a methodology developed by the prestigious brand.

AEO Authorized Economic Operator.
Customs accreditation that certifies reliability as an importer/exporter, facilitating international transit with fewer inspections and faster customs clearance.

FAIRTRADE
A global system that connects farmers and workers in producing countries with consumers and businesses worldwide — aiming to transform trade practices, improve working and living conditions, combat child labour, and protect the environment.

SGS ZERO WASTE
Internationally recognized certification that validates our ability to recover and reuse the waste generated in our processes. It endorses exemplary environmental management aligned with the principles of circular economy and global sustainability, transforming every waste into a resource.

MITECO y SGS VERIFICACIÓN
Carbon footprint. Independent verification by an international certification body confirming the precise calculation of our emissions and supporting real strategies to reduce our environmental impact.

PEFC
Program that promotes sustainable forest management to achieve a social, economic, and environmental balance. The paper used in this catalogue and most of our printed materials comes from sustainably managed forests.

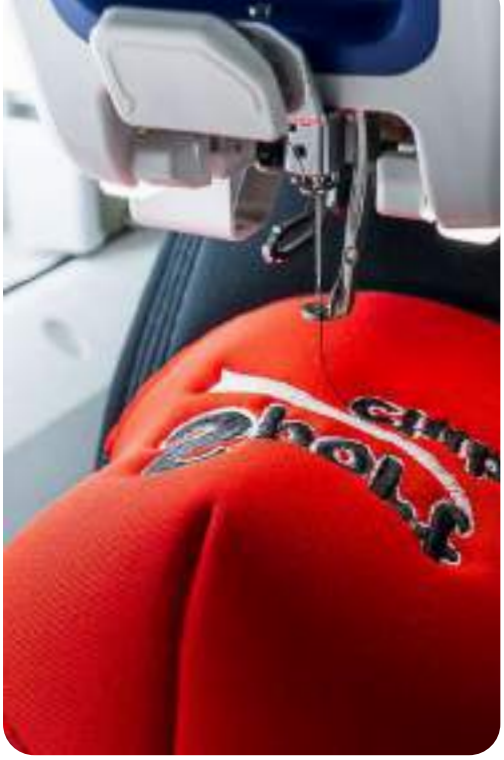

REACH
European regulation designed to protect health and the environment from the risks of chemical substances. We comply with all restrictions and controls related to substances of very high concern in our products.

PETA APPROVED VEGAN
Global certification ensuring that our products contain no animal-derived materials or practices related to animal exploitation, offering ethical and 100% vegan alternatives.

SOCIAL INTEGRATION
A genuine commitment to the employment inclusion of people from disadvantaged groups — fully compliant with current legislation and actively promoting diverse, inclusive teams.

ILO
Adherence to the international principles of the Geneva Labour Convention and the ILO.
We ensure an ethical and responsible supply chain, fully aligned with the prohibition of child labour and any form of exploitation.

SMETA 4 PILLARS
World-leading platform for ethical trade. It promotes audits and best practices that ensure responsible supply chains in labour rights, environmental protection, health, and business ethics.
